BTG

What is BTG?

We are a diverse group of USC students united by a passion for tech and innovation. Join us to build a close-knit community while gaining valuable skills and experiences to shape your career.

No prior consulting experience required!

Our Innovation Consulting Program

Our program immerses students in real-world business challenges with real clients. Using Design Thinking, BTG consultants develop innovative solutions while gaining skills in data analysis, presentation, public speaking, and problem-solving.

BTG Cloud

Our general member program introduces USC students to the tech industry and essential skills for corporate tech roles. For those not interested in our consulting team, you can directly sign up for BTG Cloud.
