

Department of Computational Biomedicine

JANUARY 2025

Applications for PhD in Health Artificial Intelligence Extended to January 31, 2025.

Happy new year! We hope this message finds you all in the best of health and safety. Due to the unprecedented weather and fires in Southern California, we are extending our application period for the PhD in Health Artificial Intelligence program.

Applications will now be due by January 31, 2025 at 12AM PST.

Some information to keep in mind while you are completing your application:

- Transcripts
 - Submit your transcripts electronically to gradprogram@csmc.edu.
 - More information can be found here: [How to Apply - Graduate PhD Program | Cedars-Sinai](#)
- More information regarding fee waivers can be found here:
 - [Application Information | Cedars-Sinai](#)

- Letters of Recommendation
 - Note that your recommenders will be emailed instructions on how to upload their letter after your application is complete and the application fee has been paid.
- Application PIN
 - You will receive an email with a PIN to save your progress and return to your application in progress. Please use the instructions from the application platform, Empower, to access your application status to avoid duplicate applications.
- More information and answers to FAQs: [FAQs - PhD in Health Artificial Intelligence | Cedars-Sinai](#)
